HALF ROUND TRAVEL BAG

NEW COLOUR COMBINATION COLLECTION

One of our most running promotional products - now refreshed beyond the classic single-grey look.

Matt-fabric construction, smart colour blocking and a practical travel format make this bag ideal for retail gift schemes, corporate promotions and bulk branding.

A Gift Customers Actually Use

The Half Round Travel Bag is designed for retailers who want to give a useful, visible and value-added gift with purchase. Earlier this fast-moving style was commonly offered in a single grey colour. The new collection introduces fresh red, navy, black, olive, brown and orange combinations so stores can select a look that suits their own brand, product category or campaign.

SAREE & ETHNIC WEAR Ideal as a premium free gift with saree purchase or festive shopping.	GARMENTS & FASHION Perfect for schemes such as a travel bag free on shopping above Rs. 2,000.
MOBILE & ELECTRONICS A practical promotional gift for handset purchases, upgrades and festive offers.	JEWELLERY & RETAIL Useful for customer gifting, special campaigns, exhibitions and loyalty programs.

Branding & Bulk Customisation

For bulk requirements, the bag can be planned with your company logo, store name or campaign branding, subject to artwork and production feasibility. This makes it suitable not only as a travel bag, but also as a moving advertisement that continues to carry your brand after the customer leaves the store.

Best suited for: saree shops, garment stores, mobile retailers, jewellery stores, electronics dealers, exhibitions, dealer meets, festive promotions, customer gifts and corporate bulk orders.
